COLAR LIGHT is highest test made from superior crude; is without color, oder or smoke; is springwater white color; will not explode while burning in a lamp nor in any way, as it does not contain any of explosive compounds so frequently met with ordinary oils for illudinating. A lamp with Solar Light Oil, if upset or broken accidentally, will not explode or burn. It is free from all the dangerous gases which are usually found in illuminating oils made from petroleum, by the use of which has been caused so much destruction of life and property.
